NCATA helps maximize teacher assistants' potential!

**There is no "I" in TEAM, but there is always a "TA" in TEAM!**

NCATA helps teacher assistants remain a valuable part of every educational team.

*North Carolina  
Association of Teacher Assistants*  
*"Helping Hands in Education"*

The **North Carolina Association of Teacher Assistants** is the only statewide association dedicated exclusively to teacher assistants. NCATA gives you a collective voice to be heard at the district and state level when dealing with legislators and elected officials who shape policy and the future for our children and for education. NCATA promotes the important role of teacher assistants in the public schools, provides professional training opportunities, and works to improve salaries and employment security.
